Subject: AMS Project Tag-up for Monday, May 7, 2007 ***IMPORTANT NOTICE ENCLOSED***
Attachments: OPMT20070504.pdf

IMPORTANT NOTICE:

Per discussions at the last AMS Project Tag-up (April 30, 2007), the charter of the Project Tag-up is changing. Chris Tutt proposed moving all Action Items related to AMS Payload Integration (including the cryomagnet) from the OPMT to the Action Item List (maintained by Ken Bollweg) for the Integration Telecon he conducts at 8:00 AM CDT (Houston time) on Tuesdays. Chris also proposed moving all Action Items related to the AMS Thermal Control System (including the Tracker TCS) from the OPMT to the Action Item Lists [maintained by Joe Burger/Craig Clark/Marco Molina (TCS) and Elisa Laudi (TTCS)] for the Thermal Telecon conducted at 8:00 AM CDT on Wednesday. The AMS Project Tag-up conducted on Mondays at 9:00 AM CDT would then focus on NASA/ESCG actions (including STS and ISS issues). There were no dissenting voices to this proposal, so we are implementing the changes beginning with Monday's AMS Project Tag-up.

Due to this restructuring, we would expect some changes to the distribution lists for all three telecons and I have volunteered to be the clearing house for such changes. If you need to be added to, or deleted from, a distribution list, please drop me an e-mail and I will facilitate making that happen.

All that being said, here are the details for Monday's AMS Project Tag-up.

Here is the agenda for the AMS Project Tag-up on Monday, May 7, 2007 from 9:00 – 10:00 AM. The tag-up is by teleconference only. Dial up information is provided below. ESCG AMS personnel will meet in CR 313.

Agenda for May 7, 2007:

- Introduction – Chris Tutt 9:00 – 9:05
- Review of OPMT* Open Items Report – Chris Tutt 9:05 – 10:00
- Adjourn 10:00

* **The OPMT is attached to this e-mail.**
